

(Senior) FP&A Manager (f/m/d)

Main Role and Tasks

- Responsible for the controlling and reporting processes at IDnow group
- Be a business partner to internal departments
- Support budget and forecast for the group
- Influence company-wide decisions by providing business cases and ad hoc models to the management and other stakeholders

That Describes You

- Minimum 5 years of controlling experience, preferably with touchpoints of the whole P&L statement
- Profound knowledge in MS Office (particularly Excel & PowerPoint) and Tabelau. SQL is considered as a plus
- Strong analytical and modelling skills combined with the ability to drive projects in a dynamic

We Offer

- **Health & Wellbeing:** Use your full access to Nilo.Health, including 1on1 sessions
- **We value personal and professional development:** use your training budget for whatever excites you the most, and benefit from a dedicated leadership training
- A supportive feedback-based culture where **respect and integrity** guide us in what we do
- **We make your remote work comfy:** we provide support on equipment and offer flexible working hours; we help you collaborate and connect with your colleagues both locally and remotely
- Various development opportunities with your role

environment

- Fluent English skills are required, German would be nice to have

Challenge accepted?

Then I'm looking forward to hearing from you!
